

## Comic Life Printing Instructions

To print a comic made in Comic Life, you must export the file as an image and then print the image.

### Step 1) **Exporting the File:**

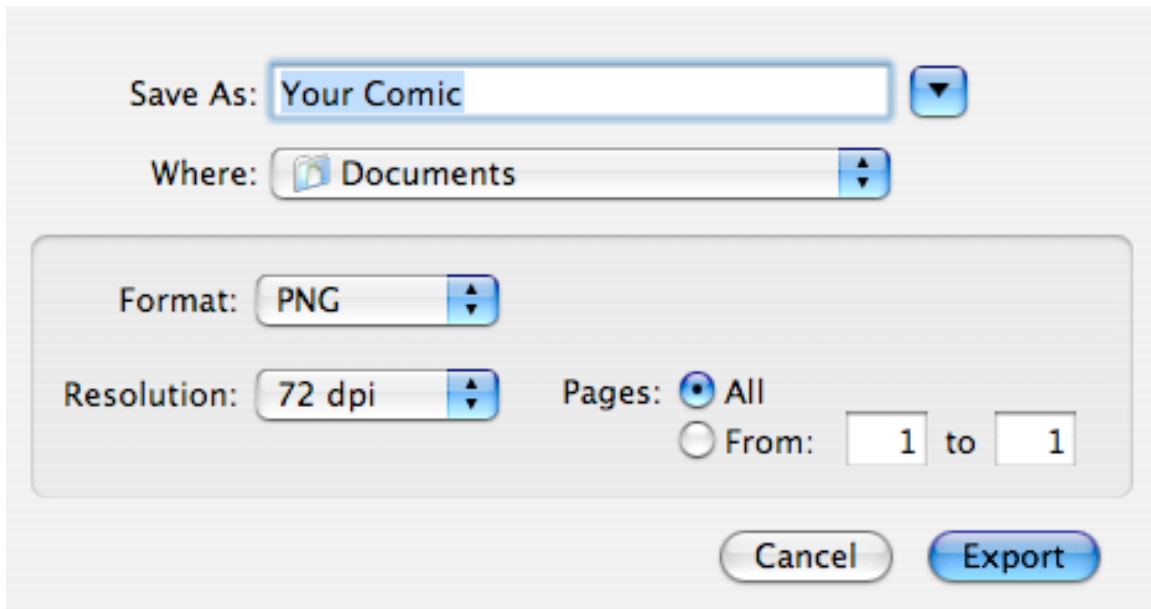

On the Menu Bar at the top of the screen, select File, select Export, then select Export to Image(s)...

Menu Bar ⇒ File ⇒ Export ⇒ Export to Image(s)...

### Step 2) **Format the File:**

Name your comic, select the file's destination (default is your Documents folder) select PNG Format, select 72 dpi Resolution, and export the file.

### Step 3) **Print the Image(s):**

Once exported, go to the file's destination through Finder, select all pages of your comic, control+click and select print.
